Procurement – Provisions Pertinent to Food Service Program

All funds awarded directly or indirectly through any federal grants or subsidy programs shall be administered in accordance with this policy, and any administrative procedures adopted implementing this policy.

The following provisions shall be included in all cost-reimbursable contracts for food service purchases, including contracts with cost-reimbursable provisions, and in solicitation documents prepared to obtain offers for such contracts: (7 CFR Sec. 210.21, 215.14a, 220.16)

A. Mandatory Contract Clauses:

The following provisions shall be included in all cost-reimbursable contracts for food services purchases, including contracts with cost-reimbursable provisions, and in solicitation documents prepared to obtain offers for such contracts:

1. Allowable costs will be paid from the nonprofit school food service account to the contractor net of all discounts, rebates and other applicable credits accruing to or received by the contractor or any assignee under the contract, to the extent those credits are allocable to the allowable portion of the costs billed to the school food authority;
2. The contractor must separately identify for each cost submitted for payment to the school food authority the amount of that cost that is allowable (can be paid from the nonprofit school food service account) and the amount that is unallowable (cannot be paid from the nonprofit school food service account); or
3. The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination and verification;
4. The contractor's determination of its allowable costs must be made in compliance with the applicable departmental and program regulations and Office of Management and Budget cost circulars;
5. The contractor must identify the amount of each discount, rebate and other applicable credit on bills and invoices presented to the school food authority for payment and individually identify the amount as a discount, rebate, or in the case of other applicable credits, the nature of the credit. If approved by the state agency, the school food authority may permit the contractor to report this information on a less frequent basis than monthly, but no less frequently than annually;
6. The contractor must identify the method by which it will report discounts, rebates and other applicable credits allocable to the contract that are not reported prior to conclusion of the contract; and

7. The contractor must maintain documentation of costs and discounts, rebates and other applicable credits, and must furnish such documentation upon request to the school food authority, the state agency or the department.

B. Contracts with Food Service Management Companies:

Procedures for selecting and contracting with a food service management company shall comply with guidance provided by the NHDOE, including standard forms, procedures and timelines for solicitation, selection and approval of proposals and contracts.
